

*No. 259 / 03.03. 2026*

*To the attention of the Erasmus+ Departmental Coordinators of the ULST*

*Ref.: launch of the Erasmus+ SMS/SMP mobility selection call*

*Dear colleagues,*

*Following the last meeting within the Erasmus+ and External Mobility Department, please launch the call for selection in the faculties you represent, for the SMS / SMP categories, for the Programme Countries (European Union), running until the end of the second semester.*

*Applications may be submitted between 03-20.03.2026.*

*Please inform students that starting with the second semester of the academic year 2025-2026, in addition to the selection process, the interview with each candidate for an E+ mobility is introduced. I mention that each application will receive a code consisting of the acronym of the faculty of origin, mobility category (SMS/SMP), the number assigned in the order of submission, semester and year (e.g. FA SMS 01/ II 2026), and the results will be published with these codes, following the selection interview, on the university's website, the Erasmus+ page, in the category Selection Calls/ Results.*

*For the mobilities established before the launch of this present call, they will be carried out according to the schedule, given that they were established by mutual agreement with the partners since the end of last year, respectively the beginning of 2026.*

*In scheduling the mobility, please consider the following aspects:*

- a) presentation of the acceptance from the institution where the mobility will take place;*
- b) signing the financial contract 30 days before the mobility;*
- c) compliant registration on the electronic platform;*
- d) keeping and presenting all supporting documents according to the OPIS.*

*Please make sure that the information reaches all responsible staff for the students from every year of study, and of course the faculty management.*

*Thank you!*

*With special consideration,*

*Assoc. Prof. Dr. Raul Pașcalău*

*Erasmus+ Institutional Coordinator*

*Timișoara, 03.03.2026*
